Lawyer
Secy.

My Dear Sir,

I am desired to address you regarding security measures
to deal with Indian evacuees and refugees returning from Burma
and the Far East. Efforts are being made to establish a system
for checking all such Indians in Malaya and Burma before their
departure for India, and various proposals for dealing with them
on arrival in this country are also being considered. Arrangements
in India, however, must be co-ordinated with arrangements abroad,
and this will inevitably take time owing to communication and
other difficulties. Meanwhile several thousands of Indians have
already arrived in this country and others are expected. It is
considered therefore that immediate, even if temporary, measures
are clearly necessary to cope with this problem.

2. Indian refugees and evacuees from Burma and the Far
East may be divided into (1) those who return from Japanese
occupied territory, and (2) those from territory not occupied
when they left it. Category (1) must be regarded as highly
suspect and will need special attention until they are definitely
cleared from suspicion.

3. The aim in dealing with the class of persons described
above is, firstly to mark down suspects and secondly, to obtain
all possible information from the evacuees themselves about
Japanese plans directed against India's security and the identity
of Japanese agents and ~~persons~~ persons sympathetic to the Japanese

THE RESIDENCY,
BANGALORE.

The Intelligence Bureau is taking steps to have lists of arrivals prepared showing the names of refugees and evacuees who are residents of Indian States or are proceeding to addresses in States, and copies of such lists, so far as they relate to the Mysore State will in order to save time and if the Mysore Government agree be supplied to the I.G.P. The Resident would be grateful if on arrival at destination, each evacuee or refugee is questioned with a view to reaching a conclusion as to whether he should be regarded with suspicion or to find out whether he has information of value within his knowledge regarding other Indians who have returned to India or are likely to do so. Towards this end help in the form of a questionnaire is enclosed for the benefit of the officers on whom this duty will fall.

4. I am to request that copies of statements containing information of any interest may kindly be sent in triplicate to this Residency. Information regarding any action taken in cases in which suspicion has been established would also be appreciated.

5. The Intelligence Bureau has suggested that it is comparatively safe to ignore all persons who have been engaged on agricultural or other unskilled labour in taking the security action outlined above.

Yours sincerely,
Alla Ram.

M.G. Mehkri Esq., B.A., LL.B.,
Chief Secretary to the Government of Mysore, Bangalore.

Meanwhile several thousands of Indians have already arrived in this country and others are expected. It is considered therefore that immediate, even if temporary, measures are clearly necessary to cope with this problem.

2. Indian refugees and evacuees from Burma and the Far East may be divided into (1) those who return from Japanese occupied territory, and (2) those from territory not occupied when they left it. Category (1) must be regarded as highly suspect and will need special attention until they are definitely cleared from suspicion.

3. The aim in dealing with the class of persons described above is, firstly to mark down suspects and secondly, to obtain all possible information from the evacuees themselves about Japanese plans directed against India's security and the identity of Japanese agents and persons sympathetic to the Japanese. The Intelligence Bureau is taking steps to have lists of arrivals prepared showing the names of refugees and evacuees who are residents of Indian States or are proceeding to addresses in States, and copies of such lists, so far as they relate to the Mysore State will in order to save time and if the Mysore Government agree be supplied to the I.G.P., Mysore by the Commissioner of Police, C. & M. Station of Bangalore direct.

The Resident would be grateful if on arrival at destination, each evacuee or refugee is questioned with a view to reaching a conclusion as to whether he should be regarded with suspicion or to find out whether he has information of value within his knowledge regarding other Indians who have returned to India or are likely to do so. Towards this end help in the form of a questionnaire is enclosed for the benefit of the officers on whom this duty will fall.

4. I am to request that copies of statements containing information of any interest may kindly be sent in triplicate to this Residency. Information regarding any action taken in cases in which suspicion has been established would also be appreciated.

5. The Intelligence Bureau has suggested that it is comparatively safe to ignore all persons who have been engaged on agricultural or other unskilled labour in taking the security action outlined above.

I am desired to say that many of the current rumours in India are traceable to refugees from Burma and Malaya, each boatload of whom introduces a collection of highly sensational stories about conditions there. Some of these deluded people apparently believe the improbable stories they propagate but it would be unwise to ignore the possibility that the organisers of an enemy whispering campaign are taking advantage of the flow of Indian refugees to disseminate alarm and despondency in India, either by introducing actual agents among the refugees or by subjecting the latter to a course of "whispers" before embarkation in the certain knowledge that they will be repeated in this country.

2. The vital necessity for tracking down and dealing sternly with rumour-mongers is now apparent and the Hon'ble the Resident proposes to issue to each evacuee from Burma and Malaya a notice warning him/her of the consequences of spreading rumours. I am therefore to enclose a few copies and to suggest that the Government of Mysore should issue similar notices under their version of the Defence of India rules and take steps to ensure that the contents are brought to the notice of all evacuees arriving in the State. In this connection it is understood that a considerable number of evacuees are arriving at Kolar.

Yours sincerely,
M. G. Mehkri.

Evacuees from Burma and Malaya are warned that the enemy continually seek to undermine the morale of India, the country which is now sheltering you. One way of doing so is by putting about false rumours in the countries from which you come in the hope that you will repeat them here. Do not play the enemy's game by repeating rumours regarding conditions in Burma and Malaya. If you do you will render yourself liable under the Defence of India Rules to a fine and imprisonment which may extend to five years.

Evacuees from Burma and the Far East.

SIR,

I am directed to state that early in February 1942 a non-official European Evacuee Reception Committee under the Chairmanship of Sir Harold Colam was set up in Bangalore to deal with refugees from Burma and the Far East arriving in Bangalore. At a meeting held at the Residency on the 6th March 1942, it was decided that this Committee should be absorbed into an official Committee consisting of three sub-committees, viz. (1) European Reception Committee, (2) Indian Reception Committee and (3) a Camp Sub-Committee.

2. The proposals include the erection of a camp near Bangalore for refugees for whom accommodation cannot be found in private houses etc. The Chief Engineer to the Government of Mysore who was informally consulted in the matter has kindly agreed subject to the concurrence of the Mysore Government to render all possible assistance for the erection of the camp and to depute Mr. M. L. Narasimhaiengar, Executive Engineer, Water Supply Division, Bangalore, for the purpose. Re: Rush of passengers in Kadur Railway Station.

I have the honour to state that there has been a good rush of passengers from Bombay side since a month or so, and it is reported that on an average 100 passengers per day arrive at Kadur Railway Station, enroute to South Canara on account of present war situation.

So far, there have been no cases of such people settling down in this District, except in one case of Mrs. O.H. Venables, an evacuee of Singapore of British Nationality, who is residing with Mr. G.V.R. Friend, being her brother, in Kurdikan Estate, Kadur District.

Instructions have been issued, however, to all the officers responsible to keep a close watch over the movements of these ~~evacuees~~ *persons*.

A statement showing the number of passengers booked at Kadur ~~Railway Station~~ *Station* District by the Chickmagalur-United Booking Agency, to various parts of South Canara from 1st March 1942 to 15th March 1942, as reported by the District Superintendent of Police, Kadur District, is enclosed for information ^{of} Government.

Letter No.M.C. 455/41-42 dated 27th March 1942 from the District Superintendent of Police, Kadur District, Chickmagalur to the District Magistrate, Kadur District, Chickmagalur.

with reference to your letter No.J2.S.P. 30/41-42 dated 24th March 1942 regarding the special trips prayed for by the C.U.B. Agency, - Chickmagalur, etc., I have the honor to state that there has been a rush of passengers from Bombay side and it is ascertained that on an average about 100 passengers arrive daily at Kadur Railway Station, enroute to South Canara and hence there is a necessity for the running of the - special trips from Kadur to Chickmagalur and on to the Frontier, whenever needed, as the passengers are of South Canara returning from Bombay to their native places on account of War scare. So far there has ^{been} no cases of settlement among the above, in the district limits, who are ^{not} the natives of this district, except one Mrs. O.H. Venebles, an evacuee of Singapoer of British nationality, who is residing with Mr. G.V.R. Frend, being her brother, in Kurdikhan Estate in the limits of Sangameswrapet, Chickmagalur Taluk. Every Police Inspector has been instructed to keep a close watch over the movements of evacuees and report of their activities, if any, in the limits of this District. A statement showing the number of passengers booked at Kadur Railway Station, by the C.U.B. Agency, to various parts of South Canara from 1st March 1942 to 15th March 1942 is herewith enclosed for favour of perusal.
